Mandarin Chinese immersed program:

Our program is based on the principal that by letting kids fully immersed in a Chinese environment, they will be quickly picking up Chinese listening and communicative skills. We make the immersed program fun by having kids participate in fun games, addictive and rhythmic music and creative art projects. All materials will be included. We hope your child will join us on our exciting journey through language!

Beginner Panda Group Ages 3 – 5:

Teacher will be focusing on instructing kids with foundational vocabulary. Each class's curriculum will be featuring a targeted learning topic. Topics includes colors, numbers, food, or body parts. All of the class songs, and craft projects is designed to reinforce student's acquired listening and speaking Chinese skills learned through the taught topics.

Beginner Star Group Ages 5 – 10:
